# How do I
Change my MT4 & MT5 Password

1. **LOGIN** to *my*iFXBrokers.

2. From the Dashboard navigate to the **TRADING ACCOUNTS** section from the **SIDE MENU.**

3. Expand the "**ACCOUNT SUMMARY**" tab and click on the **LOCKED ICON** in the password column related to the relevant account.

4. Enter both the **EXISTING** and **NEW PASSWORD** and select **SAVE**.

   Once successfully changed, you will be notified by receiving an email to your registered email address.

KEEPING YOUR IFX ACCOUNT SAFE AND SECURE

- It is your responsibility to keep your unique credentials confidential and prevent unauthorized access by a third party. Under no circumstances should you share your credentials or allow third parties to use your account on your behalf.
- We cannot be held liable for any financial losses resulting from unauthorized access to your account if it is determined that you acted fraudulently, intentionally, or negligently disclosed your login details.

- In the event of a loss, theft, or suspected unauthorized use of your credentials or any breach of confidentiality of your unique credentials, you must notify us immediately in writing without delay.
- We recommend changing your password at least every 30 days to ensure better account security.
